Heidi Berg

With over a decade of experience as a nurse with a Master's degree in Nursing Informatics, I bring both hands-on medical knowledge and a firm grasp of healthcare systems to the table. I grew up in Davison County and now live just outside of Emery with my husband Bob, where we continue our rural, hardworking way of life, raising two boys. As a nurse, farm wife, and community member, I understand the vital importance of having a strong, responsive ambulance service—especially in rural areas where every minute counts. I'm an honest, energetic, and dedicated person who believes in being a voice for everyone in both Davison and Hanson Counties.

I'm running for the ambulance district board because I care deeply about ensuring timely, high-quality emergency care for all. I'll bring a practical, common-sense perspective, grounded in real-world experience and a passion for serving others and doing what is right for everyone.

Justin Roster

I live NE of Fulton with my husband and 7 children. In 2003 I became passionate about emergency medicine and felt the calling to help people, that's where my focus still is today. The ambulance district is incredibly important for the community. I hope to have the opportunity to represent the district to the best of my ability in the fairest way possible.

I have a strong commitment to our communities and will work toward a positive workable solution. I will explore other options that may be available to share this expense. We need ambulance service for the well being of our communities and I will do my best to make that happen! Thank you.

John Millan

I live five miles southwest of Mitchell where I farm and ranch with my family. With the vote in April overwhelmingly showing that people want to continue ambulance service to our counties, the board has to decide how to fund this service. If elected I would like to see us come up with the most fair and common sense approach we can. Thank you for your support.

Kyle Baker

I live in rural Davison County with my wife and two children. I will be running for one of the three Davison County positions. If elected I look forward to working with the board to find the fairest way to fund the new ambulance district.

Sara Jorgenson

I live north of Mt. Vernon on our family farm. I have lived in Davison County for 40+ years. I am passionate about having an ambulance available to the residents of Davison/Hanson Counties who reside outside of the Mitchell city limits. I will do my very best to represent all residents of both counties to determine the best way to fund the ambulance district.
